

## Covéa Fleet: the Insurer chosen by New Holland

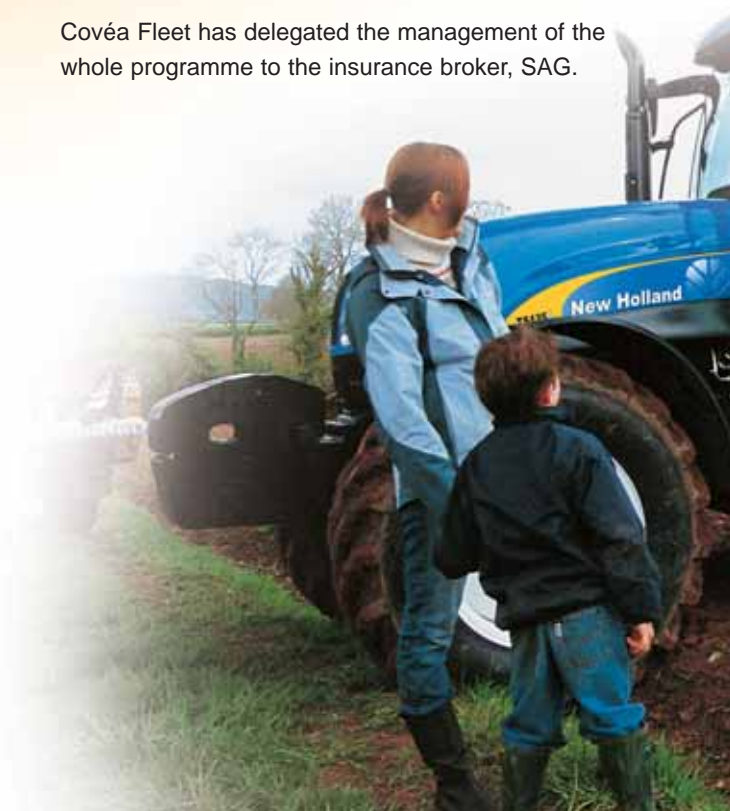

Service Plus insurance cover was developed by Covéa Fleet to give long lasting confidence for users of New Holland Agricultural Equipment.

Covéa Fleet was chosen by New Holland for this programme due to their specialist experience and the quality of their insurance products.

Covéa Fleet is a member of the MMA-MAAF insurance group, and:

- Market leader in providing insurance cover for vehicle fleets
- A specialist in mechanical warranties
- Works in partnership with major manufacturers of cars, trucks and agricultural machinery

Covéa Fleet has delegated the management of the whole programme to the insurance broker, SAG.

Long Lasting Confidence

## The Service Plus contract

Service Plus insurance coverage provides owners of New Holland agricultural machinery with additional cover on the expiry of the manufacturer's contractual warranty. Service Plus is available for the whole range of New Holland machinery: tractors, combine harvesters, forage harvesters, balers, grape harvesters and telehandlers.

## With Service Plus cover: Work with peace of mind!

Taking out a Service Plus insurance policy offers you additional cover that is ideally suited to your needs, safeguarding your investment and providing you with maximum control over operating costs.

### **Service Plus means greater peace of mind:**

- A long-term cover: from two to four years
- Very high-quality support provided by the professional New Holland team
- Best possible management of unforeseen occurrences
- A technical support centre specialising in cover for agricultural machinery: SAG

### **Service Plus means more security:**

- Complete control over the operating costs of your New Holland agricultural machinery
- Enhanced value for your agricultural machinery thus improving resale opportunities
- Transfer of the Service Plus insurance policy to the new owner in the event of resale

### **Service Plus means more choice:**

You may take out a Service Plus contract at the time of purchase or within a period of three months from the start of the manufacturer's warranty.

You can choose from:

- The number of years of the warranty: two, three, or four years
- The number of hours of use per year (or depending on the number of bales for balers)
- The amount of excess with several options available

### **Service Plus gives you additional coverage:**

The Service Plus policy covers costs relating to diagnosis and repair (except for worn parts and service parts) as well as labour costs for breakdowns under warranty, as stated in the "Service Plus" general conditions.

### **Service Plus gives you additional services:**

Your Covéa Fleet approved New Holland dealer is a specialist close to you, who will, at your request, carry out required servicing and repairs. Throughout the whole period of validity of the Service Plus insurance policy, New Holland machinery must be serviced in accordance with the manufacturer's recommendations, using parts and lubricants supplied by New Holland and/or those that meet the manufacturer's specification.
